President's Welcome

Welcome to the **2002-2003 Arkansas State University Factbook!** In this document, we have outlined facts and figures to help you understand the integral role Arkansas State University plays in the daily lives of the people we serve. You will find information about our academic programs, our students, and the services that we provide outside the classroom.

The ASU Factbook presents a “snapshot” of ASU. The publication is produced annually and is intended to provide answers to questions that are frequently asked by the administration, faculty, students, alumni, and others.

However, this document is more than a history and an assemblage of facts. It is a book about who we are and where we are going. The ASU Factbook portrays a fascinating campus full of industrious, committed students, faculty, and staff.

A comprehensive document of this magnitude requires the assistance of a number of people on the various ASU campuses. Many thanks to all who helped make the **2002-2003 Arkansas State University Factbook** a successful reality. Should you have any questions, comments, or corrections, please feel free to contact us. A directory is provided on page twenty-six of this document.

Sincerely,

Dr. J. Leslie Wyatt, President
Arkansas State University

Southern Regional Education Board (SREB)

ASU - Jonesboro, Four-Year 3; ASU - Beebe, Two-Year 2; ASU - Mountain Home & ASU - Newport, Two-Year 3

The SREB system for categorizing postsecondary education institutions is based upon a number of factors relevant to determining resource requirements. Differences in institutional size (number of degrees), role (types of degrees), breadth of program offerings (number of program areas in which degrees are granted), and comprehensiveness (distribution of degrees across program areas) are the factors upon which institutions are classified. Other factors relevant to determining resource requirements such as cost differences among programs or externally funded research are not taken into account in the SREB system.

CATEGORIES

Institutions are assigned to categories for a report year using the previous academic year's data on program completions. To keep the statistical comparison groups relatively stable over time and to assure that institutions change categories only when their measures on a criterion are relatively stable, institutions change categories when they meet the criterion for another category for the third consecutive year.

★**Four-Year 1:** Institutions awarding at least 100 doctoral degrees distributed among at least 10 CIP categories (2-digit classification) with no more than 50 percent in any one category.

★**Four-Year 2:** Institutions awarding at least 30 doctoral degrees distributed among at least 5 CIP categories.

★**Four-Year 3:** Institutions awarding at least 100 master's, education specialist, post-master's, or doctoral degrees with master's, education specialist, and post-master's degrees distributed among at least 10 CIP categories.

★**Four-Year 4:** Institutions awarding at least 30 master's, education specialist, post-master's, or doctoral degrees with master's, education specialist, and post-master's degrees distributed among at least 5 CIP categories.

★**Four-Year 5:** Institutions awarding at least 30 master's, education specialist, post-master's, or doctoral degrees.

★**Four-Year 6:** Institutions awarding less than 30 master's, education specialist, post-master's, or doctoral degrees.

★**Two-Year 1:** Institutions awarding associate degrees and offering college transfer courses with FTE enrollment of 5,000 or more; some certificates and diplomas may also be awarded.

★**Two-Year 2:** Institutions awarding associate degrees and offering college transfer courses with FTE enrollment of between 2,000 and 4,999; some certificates and diplomas may also be awarded.

★**Two-Year 3:** Institutions awarding associate degrees and offering college transfer courses with FTE enrollment of less than 2,000; some certificates and diplomas may also be awarded.

The Dean B. Ellis Library, centrally located in an eight-story building, functions as an educational center for the community. The Library of Congress classification system is used for the arrangement of books, and an on-line catalog provides access to the book collection. The library meets the informational needs of the university by offering a variety of services. A staff of 14 professional librarians and 23 support personnel acquires, organizes, and services the collection. Reference librarians assist users in locating information and in the use of the library. The reference staff also offers an active library instruction program which reaches numerous university classes. The library provides access to hundreds of online databases and search services via links on the library's web site. Materials that are not contained in the library's collection are accessible by interlibrary loan through the OCLC network.

Meal plans are mandatory for all residents and may only be changed prior to the end of the first week of the semester. On the 10, 15, and 19 meal plans, meals do not carry over from week to week. The 10, 15, and 19 meal plans have 165, 248, and 314 meals respectively and may be used only by the student owner of the plan. The Flex meal plan consists of 100 meals and an allotment of \$200 in declining balance points. The declining balance points may be used in the Woodlands Cafeteria, the Wigwam, or the Twin Towers Store. The Flex plan permits the student owner of the plan to use it to pay for meals of others or to reenter the cafeteria multiple times during a meal period. Both the block of 100 meals and the \$200 in declining balance points must be used before the end of any given semester.

PRIVATE DONORS

Private donor support enables Arkansas State University to attract and retain the highest quality students. Citizens of Northeast Arkansas communities have historically provided generous donor support. Additionally, private support endows numerous ASU scholarships each year. Scholarships help to keep the brightest students in Arkansas, and scholarships are more necessary now than ever. An endowed scholarship can be established for \$10,000, or an annual gift may be provided to fund one or more scholarships. Scholarships are currently available in virtually every discipline.
