EXECUTIVE SUMMARY

Contact: Jeff Hankins (501) 660-1004

ACTION ITEM: Arkansas State University, Arkansas State University-Beebe, Arkansas State University-Mountain Home, Arkansas State University-Newport, Arkansas State University Mid-South, Arkansas State University Three Rivers, and Henderson State University request approval to set tuition, fees, and room and board rates.

ISSUE: The Board of Trustees must approve tuition, fees, and room and board rates.

BACKGROUND:

In order to meet the additional costs needed to fulfill its mission, the Arkansas State University System requests approval for its campuses to adjust tuition, fees, and room and board rates.

SUMMARY OF TUITION AND MANDATORY FEE IMPACT

The following charts were prepared in accordance with the Arkansas Division of Higher Education (ADHE) and the Southern Regional Education Board (SREB) reporting standards by calculating the impact of tuition and mandatory fees for a full-time, in-state, undergraduate student. "Full-time" is defined as an undergraduate student who carries 15 credit hours per semester or 30 credit hours annually.

ACTION ITEM:The Arkansas State University System (ASU System) requests approval of the
FY2024 operating budgets and the authority to execute these budgets during the
fiscal year.ISSUE:Each fiscal year, the Board of Trustees must approve the operating budgets of

BACKGROUND:

The operating budget establishes expenditure levels for certain categories of expense, including salaries, supplies and services, and capital-related expenditures. Moreover, the budget establishes sound fiscal policy, by which the University manages its annual fiscal affairs.

ARKANSAS STATE UNIVERSITY:

The Arkansas State University-Jonesboro (ASUJ) FY2024 operating budget was developed through the efforts of the University's Executive Budget Council and shared with the Chancellor's Cabinet and Executive Council, which has representation from all constituent groups across campus.

The budget will include \$60 million in state appropriation funds (Categories "A" and "B"), \$8.6 million in Educational Excellence Trust Fund monies, tuition revenues based on flat enrollment and a 4.0% tuition and mandatory fees increase. After a thorough review of faculty positions, \$500,000 was permanently reduced from budgeted faculty salaries, and an additional \$1.7M was reallocated to A-State Online revenues.

Funds were allocated to the following categories:

- Faculty promotions;
- 2% merit raise for faculty, non-classified employees, and graduate assistants;
- \$1.86 per hour raise for all classified employees transitioning to a non-classified status in FY24;
- Salary adjustments for Academic Advisors;
- Title IX Investigator;
- Utility increases; and
- Reinstatement of resources for deferred maintenance.

the ASU System.

The ASUJ budget for FY 2024 is \$174,317,395 for Educational and General Operations and \$36,604,232 for Auxiliary Operations.

ARKANSAS STATE UNIVERSITY-BEEBE:

The FY2024 operating budget for Arkansas State University-Beebe (ASUB) was developed using a "One College" collaborative budget process that included budget managers across all campuses, ensuring that all departments and locations were represented. The Shared Governance committee, which includes representatives from the faculty and staff senates and the Student Government Association, reviewed and endorsed departmental and program budget requests. ASUB continued a modified, zero-based budgeting process, ensuring continued efforts in efficiency, while addressing areas of need.

The FY2024 operating budget includes the following major revenue sources: \$11,410,153 in state appropriation funds; \$2,133,883 in Educational Excellence Trust Funds; and \$801,945 in Workforce 2000 funds. Due to uncertainty in enrollment forecasts for FY2024, a tuition and fee revenue of \$9,931,100 is anticipated, based on a 6.35% increase in tuition rates and assuming a flat enrollment, compared to the FY2023 actual enrollment.

ASUB was able to provide a 5% COLA increase to all faculty and staff for FY2024, through natural attrition, rigorous review of open positions, a 6.35% increase in tuition and mandatory fee rates, and reallocation of departmental funds, based on a thorough review of departmental expenses and institutional priorities.

The ASUB budget for FY2024 is \$26,974,028 for Educational and General Operations and \$1,719,604 for Auxiliary Operations. The proposed operational budget for FY2024 represents an overall increase in budgeted revenue and expenses of approximately 5.92%, as compared to the FY2023 budget.

ARKANSAS STATE UNIVERSITY-MOUNTAIN HOME:

Arkansas State University-Mountain Home (ASUMH) developed the FY2023-2024 Operating Budget through an integrated planning, assessment, and budgeting process, with the institution's long-range goals serving as the overarching guide for decision-making and resource allocation.

A \$6.00 per-credit-hour tuition increase, as well as fees for two new programs, are included in the operating budget.

EXECUTIVE SUMMARY

Contact: Jeff Hankins (501) 660-1004

Resources were changed or allocated in the following categories:

- 3% raise for all employees;
- The minimum rate of pay for all full-time positions moved to \$13 per hour; and
- One new position added.

The ASUMH budget for FY2023-2024 is \$11,005,080 for Educational and General Operations, and \$303,000 for Auxiliary Operations.

ARKANSAS STATE UNIVERSITY MID-SOUTH:

In close collaboration with departmental budget managers, the Arkansas State University Mid-South (ASU Mid-South) Chancellor's Executive Council developed the Educational and General Operating Budget for FY2024.

The FY2024 budget for ASU Mid-South will include \$7.8 million in state appropriation funds. Categories "A" and "B" of RSA Funds will total \$5.6 million, and Workforce 2000 Funds are budgeted at \$2.2 million. Tuition revenues of \$2.29 million are based on a 2% enrollment decline and a requested 4.7% tuition increase. To streamline student accounts, mandatory fees have been incorporated into tuition, and ASU Mid-South students will not be charged mandatory fees beginning in FY2024.

To implement the institution's key initiatives, the institution also reallocated available resources in its FY2D24 budget. This was accomplished primarily through strategic cuts in personnel positions, either through attrition; elimination of non-viable programs; or reduction of unfilled budgeted positions.

ASU Mid-South's key initiatives for FY2024 are as follows:

- Providing a minimum of a 2% COLA raise for all eligible employees;
- Implementing the first step of a faculty rank-and-promotion program;
- Raising minimum salary levels for all full-time employees to \$13/hour;
- Adding two new academic programs: Paramedic Science and Commercial Driver Training;
- Launching baseball, softball, and e-Sports programs; and
- Implementing a "last-dollar" scholarship pilot program for eligible Crittenden County residents.

The Arkansas State University Mid-South budget for FY2024 is \$12,854,500 for Educational and General Operations, and \$631,000 for Auxiliary Operations. The proposed operational budget for FY2024 represents an overall increase in budgeted expenses of \$263,500, or 1.99%, compared to our FY2023 budget.

ARKANSAS STATE UNIVERSITY-NEWPORT:

Arkansas State University-Newport (ASUN) conducted a collaborative budgeting process that allowed for prioritization of requests under a strategic budget model for FY2024. As the college looks to expand its degree offerings to stimulate regional economic growth, ASUN is highly focused on controlling expenses to ensure that the college meets the needs of its students. Inflation continues to impact prices and increase the cost of supplies and services required for operations. To account for the operational cost increases, yet still maintain a high level of affordability, ASUN held its overall request for tuition and mandatory fee increases to 5.7%. This allows the college to maintain a high level of service to students, while still maintaining an affordable cost of attendance. Leadership also focused on reorganization measures that allowed the institution to decrease senior leadership from five to three executive positions, generating cost savings of \$238,000. This allows the college to reprioritize resources, placing an additional focus on strategic enrollment management and student-service positions. Also, it allows the institution to make new investments in technology that will provide increased satisfaction to students and increase enrollment and retention.

Key initiatives are as follows:

- Cost-of-living increases of 1% for faculty and staff;
- Addition of key student-service positions in recruiting, advising, and enrollment management;
- Implementation of a performance bonus program for all full-time employees of up to 2%, based on Key Performance Indicators;
- Evaluation of productivity for academic programs, resulting in the elimination of two programs (three positions), providing an annual cost savings of \$150,000;
- Reorganization allowing for the elimination of other vacant staff positions, saving \$190,000 annually;
- Allocation for deferred maintenance in the amount of \$150,000; and
- Increase in the utilities budget of \$90,000, to account for rate increases.

ASUN will continue to place an emphasis on the ambitious goals set forth in its 2023-2027 Strategic Plan, in order to impact student retention and completion and regional economic development.

The ASUN FY2024 budget is \$17,652,294 for Educational and General Operations, and \$920,250 for Auxiliary Operations.

ARKANSAS STATE UNIVERSITY THREE RIVERS:

Proposed budgets were submitted by department managers. Cabinet-level officials met several times to discuss budgeted initiatives. Draft versions were presented to the campus Effectiveness Committee as the FY2024 budget was formulated.

Tuition and mandatory fees increased \$9 per credit hour, or 6.5%. This increase includes a \$2 per credithour athletic fee. Budgeted enrollment for FY2024 reflects 70 participants in baseball and softball programs.

Other highlights of the FY2024 budget include the following:

- Baseball and softball sports programs to begin in 2023-2024;
- Budgeted salaries include a 2% across-the-board raise, as well as a salary base adjustment for faculty;
- For the second consecutive year, workforce training revenue and expenses have increased as a result of expanded training of West Fraser personnel.

The Arkansas State University Three Rivers budget for FY2024 is \$9,050,053 for Educational and General Operations, and \$708,686 for Auxiliary Operations.

HENDERSON STATE UNIVERSITY:

The Henderson State University budget for FY2024 is \$33,235,070 for Educational and General Operations, and \$8,252,776 for Auxiliary Operations. The campus will continue to operate a modified cash budget during the FY2024, with expenses managed under liquidity constraints.

ARKANSAS STATE UNIVERSITY SYSTEM:

The Arkansas State University System Office is funded as a non-formula entity with an FY2024 operating budget of \$4,580,909, of which \$2,841,520 is categorized as state appropriation, and \$1,739,389 coming from other sources, including institution and Foundation support.

After determining availability of revenues, the President may approve requests for one-time bonus plans and additional salary plans for FY2024.

EXECUTIVE SUMMARY

RECOMMENDATION/RESOLUTION:

Be it resolved that the Arkansas State University System operating budgets and salary adjustment plans are approved, and authority is granted to execute the budgets in the amount of \$285,088,420 for Educational and General Operations and \$49,139,639 for Auxiliary Operations.

- ACTION ITEM: The Arkansas State University System (ASU System) requests approval of the FY2024 capital project and expense budget, and seeks the authority to execute the budget during the fiscal year.
- **ISSUE:** Each fiscal year, the Board of Trustees must approve the capital project and expense budget of the ASU System.

BACKGROUND:

- As the ASU System has a significant investment in its plant and capital, it is requesting to establish an annual capital expenditure budget to illustrate commitment to maintenance of its capital investment. Currently, the ASU System includes a total of 2,341 land acres and 384 buildings, comprising 7,126,479 square feet.
- The state of Arkansas provides no dedicated revenue stream for capital projects or deferred maintenance needs.
- The ASU System currently contains \$475 million in total deferred maintenance needs and \$67.6 million in critical maintenance needs, according to the Facilities Audit Program conducted by the Arkansas Division of Higher Education.
- The proposed capital project and expense budget of the ASU System for FY2024 is attached.

RECOMMENDATION/RESOLUTION:

Be it resolved that the Arkansas State University System's FY2024 capital project and expense budget is approved and authority is granted to execute the budget.

2024 Deferred Maintenance Budget and Planned Maintenance Projects

Notes: **Projects over \$50,000 are capitalized.** The Facilities Condition Index (FCI) is the percentage, which has already been expended, of the useful life of a campus facility. The higher the percentage would indicate the greater the expended portion of the campus.

ACTION ITEM: The Arkansas State University System requests approval to establish the maximum number of legislatively authorized provisional positions for all campuses for FY2024.

ISSUE: The Board of Trustees must approve the establishment of provisional positions.

BACKGROUND:

 As the System continues to receive monies from grants, contracts, and other non-appropriated sources, the campuses have found it necessary to expedite the process of approval for provisional positions. Since Board approval is required to establish provisional positions, and the Board meets regularly only four times a year, the System has received approval from the Arkansas Division of Higher Education to allow the ASU System Board of Trustees to approve the establishment of all provisional positions on all campuses of the Arkansas State University System. This approval allows Human Resources personnel on all campuses to respond immediately to provisional-position requests.

RECOMMENDATION/RESOLUTION:

Be it resolved that the Arkansas State University System is approved to establish 375 provisional positions for Arkansas State University, 100 provisional positions for Arkansas State University-Beebe, 40 provisional positions for Arkansas State University-Mountain Home, 60 provisional positions for Arkansas State University Newport, 75 provisional positions for Arkansas State University Mid-South, 40 provisional positions for Arkansas State University Three Rivers, and 60 provisional positions for Henderson State University, as authorized for FY2024.

- ACTION ITEM: The Arkansas State University System (ASU System) requests approval to proceed with various capital projects at Arkansas State University (A-State), resulting in energy savings that meet the standards of the Sustainable Building Revolving Loan Fund (Fund) held by the state of Arkansas.
- **ISSUE:** The Board of Trustees must approve all capital projects.

BACKGROUND:

- The ASU System requests approval to proceed with various capital projects at A-State, resulting in energy savings that measure up to the standards of the Sustainable Building Loan Fund held by the state of Arkansas.
- The ASU System requests to finance the project with a loan of up to \$2.9 million from the Fund. The loan shall have an interest rate of 0% for a term not to exceed ten years. The projected debt service is approximately \$290,000 per annum, to be repaid from the utility and operational savings generated by the energy improvements and monies earmarked for deferred maintenance.

RECOMMENDATION/RESOLUTION:

Be it resolved that the Arkansas State University System is approved to proceed with various capital projects at Arkansas State University, and to execute loan agreements to finance the project at an estimated interest rate of 0% for a term not to exceed ten years.

- ACTION ITEM: The Arkansas State University System (ASU System) requests approval to proceed with renovations to Arkansas State University's (A-State) Southern Tenant Farmers Museum at Tyronza.
- **ISSUE:** The Board of Trustees must approve all capital projects.

BACKGROUND:

- The ASU System is requesting approval to renovate grain bins across from the Southern Tenant Farmers Museum in Tyronza. This restoration would restore the historic character of the Tyronza Commercial Historic District. The grain bins will serve as a large-scale exhibit of agricultural history and methods that would add new depth to the interpretation of the Southern Tenant Farmers Museum. The interior of the largest grain bin would house critical visitor services, including accessible restroom facilities.
- A-State received a grant of \$1,916,383 from the Arkansas Natural and Cultural Resources Council, which will allow the campus to complete the renovations.
- A copy of the Capital Project Proposal Form is attached to this resolution.

RECOMMENDATION/RESOLUTION:

Be it resolved that the Arkansas State University System is approved to proceed with Arkansas State University's Southern Tenant Farmers Museum Capital Project at Tyronza.

ASU System Capital Project Proposal Form

In accordance with Board policy, the term "capital project" means a new construction, renovation, or remodeling project with a projected cost exceeding \$1,000,000. Campus officials shall complete a Capital Project proposal form and submit it to the President for review and recommendations. The President will submit Capital Project proposals to the Board of Trustees for approval. Forms should be submitted electronically to the System Vice President for Finance.

Project Description (in detail)

This project is to restore the grain bins across from the Southern Tenant Farmers Museum in Tyronza. This restoration would serve several purposes. First, the project would restore the historic character of the Tyronza Commercial Historic District, which includes both structures. Second, the grain bins would serve as a large-scale exhibit of agricultural history and methods that would add new depth to the interpretation of the Southern Tenant Farmers Museum. Finally, and perhaps most important, the interior of the largest grain bin would house critical visitor services, including accessible restroom facilities.

This project will renovate and expand the Bloodworth Nursing facility on the Searcy campus of ASU-Beebe. The building currently has experienced roof leakage problems. This project will replace the existing flat roof with a low-pitch truss roof over the entire existing facility, as well as the expanded section. The project will add an addional 6,100 square feet to the existing facility and allow for the addition of two classrooms and additional office space for nursing faculty. This allows for an increase in the number of nursing students admitted to the program each year.

- ACTION ITEM: The Arkansas State University System requests approval of a new ASU System Annual Leave Policy, and authority to amend the Annual Leave Policy section of the ASU System Staff Handbook.
- **ISSUE:** The Board of Trustees must approve new and revised System policies, as well as revisions to handbooks.

BACKGROUND:

- During its 2023 Regular Session, the Arkansas General Assembly passed Act 778 of 2023, which will take effect on July 1, 2023.
- Under Act 778, all positions within the ASU System that are classified under the Uniform Classification and Compensation Act will become non-classified on July 1, 2023. As a result, those positions that are currently subject to the Uniform Attendance and Leave Policy Act will cease to be covered by that statute, because Act 778 does not apply to "administrative, academic, or other nonclassified employees of state-supported institutions of higher education." Ark. Code Ann. § 21-4-203(12)(E).
- Under the terms of the current ASU System Annual Leave Accrual Policy and the ASU System Staff Handbook, classified employees accrue annual leave according to the guidelines established in the Uniform Attendance and Leave Act, and non-classified employees accrue 15 hours of annual leave per month. If the current policy is not amended, then all full-time ASU System employees will accrue annual leave at a rate of 15 hours per month, beginning on July 1, 2023, which will significantly increase the ASU System's and the System institutions' cost and liability for annual leave.
- The ASU System Benefits Committee has met to consider annual leave policy options. As a result of that process, the Committee recommends that, effective July 1, 2023, the Board:
 - Approves a new Annual Leave Policy, and allows the new policy to supersede the current Annual Leave Accrual Policy;
 - Authorizes amendment of the Annual Leave Policy section of the ASU System Staff Handbook, consistent with the new Annual Leave Policy (a redline copy of the proposed revision to the Annual Leave Policy section of the ASU System Staff Handbook is attached); and
 - Instructs that all other institutional handbooks and campus operating procedures be amended, as necessary, to conform to the provisions of the new Annual Leave Policy.

EXECUTIVE SUMMARY

Contact: Julie Bates (501) 660-1000

A copy of the proposed new Annual Leave Policy is attached to this resolution.

RECOMMENDATION/RESOLUTION:

Be it resolved that the Arkansas State University System new Annual Leave Policy is approved, that authority is granted to amend the Annual Leave Policy section of the ASU System Staff Handbook, and that all other institutional handbooks and campus operating procedures shall be amended, as necessary, to conform to provisions of the new Annual Leave Policy, as outlined above, effective July 1, 2023. The new Annual Leave Policy shall control over any conflicting terms in any other institutional handbooks and campus operating procedures, until such time as they are amended.

ASU System Policy

Effective Date: July 1, 2023

Subject: Annual Leave Policy

1. Purpose

This policy does the following:

- Establishes eligibility criteria for accrual of annual leave;
- Establishes accrual rates for annual leave and limitations on carryover of annual leave from year to year;
- Provides for payout or transfer of annual leave balances upon retirement or termination of employment with the ASU System or one of its member institutions; and
- Sets general expectations governing requests and approval or denial of annual leave use.

2. Eligibility

Annual leave means vacation time with pay but does not include compensatory time. An employee, within the ASU System who works in a fulltime, appropriated position and is regularly scheduled to work a minimum of 20 hours per week, accrues annual leave every month.

However, the following employees do not accrue annual leave:

- Emergency, intermittent, extra help, and *per diem* employees;
- Employees with annual appointments of less than 12 months, such as 9- and 10month faculty members (even if such faculty members teach summer courses for additional compensation), adjunct instructors, and graduate assistants; and
- NCAA Division I athletic coaches.

3. Accrual Rates and Limitations

a. General Accrual Rates

Employees who accrue annual leave do so at the rates shown in the time table listed below, unless another rate is indicated elsewhere in this policy. Employees must have completed full years of employment before movement to the next higher accrual rate. For example, an employee would not move to the second level of annual leave accrual rate until they have completed three (3) full years of employment and were starting their fourth year.

Years of Employment	Monthly	Annually
Through 3 years (1 through 36 months)	1 day (8 hours)	12 days
4th through 5th years (37th through 60th months)	1 day, 2 hours (10 hours)	15 days
6th through 12th years (61st through 144th months)	1 day, 4 hours (12 hours)	18 days
13th through 20th years (145th through 240th months)	1 day, 6 hours (14 hours)	21 days
Over 20 years (241st + months)	1 day, 7 hours (15 hours)	22.5 days

For accrual purposes only, employees will accrue half their monthly annual leave if they are employed on the first working day of the month and are in active status on the payroll through the 15th of that month. Employees will accrue half their monthly accrual if they are employed on the first working day after the 15th of the month and are in active status on the payroll through the last working day of that month. Leave must be earned before it can be used.

b. Grandfathering Certain Employees in Non-Classified Positions as of June 30, 2023

Employees, who were employed in non-classified positions and accruing annual leave at a rate of 22.5 days per year as of June 30, 2023, shall continue to accrue annual leave at that rate while serving in a position that is eligible to accrue annual leave, regardless of their years of employment.

c. Pro-Rata Accrual

Employees in annual leave-eligible positions, who are regularly scheduled to work less than 40 hours per week, accrue leave on a *pro-rata* basis. For example, an annual leave-eligible employee in their second year of employment who is regularly scheduled to work 30 hours per week (75% of 40 hours) accrues annual leave at a rate of 6 hours per month (75% of 8 hours).

d. Leave Accrual Service Credit for Prior State Employment

All prior years of full-time employment in an agency of the state of Arkansas or an Arkansas public institution of higher education are counted in determining years of employment for purposes of annual leave accrual. This includes prior employment in any Arkansas state government entity, such as the General Assembly, the state judiciary, and state constitutional offices. This does not include employment in city, county, or other municipal government, or in a public school district.

e. Accrual During Periods of Leave

Employees continue to accrue annual leave at their normal accrual rate when they are on paid leave, such as sick or annual leave. Employees do not accrue annual leave during any pay period in which they are in "leave without pay" status for 5 or more cumulative days (40 or more hours).

f. Carry-Over of Annual Leave as of December 31

Annual leave is cumulative; however, no employee may retain in excess of 240 hours of annual leave beyond December 31 of each year. During the calendar year, an accrued leave balance may exceed 240 hours, but an employee may not carry more than 240 hours of annual leave into the following calendar year. Any excess annual leave on the books, as of December 31, will automatically be donated to the catastrophic leave bank at the employee's campus, unless the employee notifies their campus' human resources department, in writing, prior to December 31, that they wish for their excess leave to be forfeited rather than donated.

4. Annual Leave Transfer and Payout

a. Annual Leave Transfer Between Institutions and Other Arkansas State Agencies

Employees and applicants, transferring without a break in service between institutions within the ASU System or between an ASU System institution and another Arkansas state agency or institution of higher education that will agree to the transfer of annual leave, will retain all accumulated annual leave. However, if a transferring employee or applicant has any outstanding debt to the ASU System institution they are entering or leaving, the amount of such debt shall be deducted from the employee's annual leave balance at the time of transfer. Further, if an employee or applicant is transferring into a position at an ASU System institution that is not eligible to accrue annual leave, then any annual leave balance that employee has, at an ASU System institution or at another Arkansas state agency or institution of higher education that will agree to the transfer of leave, shall be handled according to the operating procedure developed by the relevant ASU System institution under Section 6 of this policy. For purposes of this provision, an "Arkansas state agency" includes any Arkansas state government entity, such as the General Assembly, the state judiciary, and state constitutional offices, but does not include employment in city, county, or other municipal government, or in a public school district.

b. Annual Leave Payout at Termination

When an employee terminates employment with an ASU System institution for any reason other than a transfer covered by Section 4(a) of this policy, they are eligible to receive a payout of their annual leave balance up to 240 hours. However, if a terminating employee has an outstanding debt to their employing institution, the amount of such debt shall be deducted from the employee's annual leave payout. This provision shall not apply when the terminating employee is transferring without a break in service between institutions within the ASU System, or between an ASU System institution and another Arkansas state agency or institution that will agree to the transfer of annual leave. For purposes of this provision, an "Arkansas state agency" includes any Arkansas state government entity, such as the General Assembly, the state judiciary, and state constitutional offices, but does not include employment in city, county, or other municipal government, or in a public school district.

5. Approval and Use of Annual Leave

a. Request and Approval

An employee may request to use accrued annual leave at any time. The requesting employee's supervisor will review requests to use annual leave and will grant or deny such requests as appropriate to allow employees to utilize their accrued leave while minimizing disruption to the efficient operation of the relevant department or work unit. The minimum annual leave amount an employee can use is 15 minutes.

b. Accrual Prior to Use

An employee may only use annual leave after it has been accrued, and unearned annual leave may not be loaned to an employee. However, individual institutions within the ASU System may provide an exception, under the terms of a campus operating procedure, to allow employees in their first year of employment and who lack sufficient accrued annual leave needed for a campus-wide December shutdown, to accrue a negative annual leave balance in December. In such cases, if the employee leaves employment within the ASU System prior to accruing enough annual leave to eliminate the negative leave balance, the value of their negative leave balance will be deducted from their final paycheck.

6. Campus Operating Procedures

Each ASU System institution shall adopt an operating procedure implementing this policy. The operating procedure shall:

- a. Establish the institution's standards and mechanisms for requesting and approving or denying the use of annual leave; and
- b. Establish the institution's procedure for handling the annual leave balances of employees who transfer from positions that are eligible to accrue annual leave to positions that are ineligible to accrue annual leave.

Additionally, in its operating procedure, the institution may:

a. Establish minimum annual leave balances that employees must reserve for a campus-wide December shutdown observed by that institution; and

b. Establish a list of position categories within the institution that accrue annual leave at a rate other than as specified in the schedule provided in Section 3 of this policy or that do not accrue annual leave. However, such a list must be reviewed by the ASU System General Counsel and the Executive Vice President and approved by the ASU System President prior to adoption or amendment. Absent a significant special need, such list should only be adopted or amended with an effective date coinciding with the start of a new fiscal year.

ASU System Office employees will be governed by the Arkansas State University operating procedure.

(Adopted by the Arkansas State University System Board of Trustees on June 8, 2023, Resolution 23-23, supersedes the Annual Leave Accrual Policy of May 15, 2009.)

straight time.

7. Compensatory time earned shall be included as a separate category on the employee's time sheet kept in your Human Resources Department.

8. Employees shall request to use earned compensatory time by completing a Request for Leave form.

9. Upon termination, a lump sum payment of accrued or unused compensatory time will be made at a rate of not less than:

- A. The average regular rate received by an employee during the last three years of the employee's employment; or
- B. The final regular rate received by an employee, whichever is higher.

REST PERIODS

The university recognizes that a short rest period or coffee break is important for reducing fatigue and allows time away from the work routine. Under normal circumstances, employees are therefore allowed a 15-minute break in the morning and another one in the afternoon on all regularly scheduled eight-hour days.

Commented [MO1]: Add link to ASU System Annual Leave Policy

All twelve (12)-month benefits eligible employees accrue annual leave. Employees will accrue half-their-monthly accrual of annual leave if employed on the first working day of the month- and work through the 15th of the month. Employees will accrue half their monthly accrual if employed on the 16th of the month- and work through the last working day of that month. (If the 16th fails on a weekend or holiday, accrual begins on the first working day thereafter)

Annual leave may not be accumulated during a period of leave without pay when such leave is for ten or more days within a calendar month. Annual leave is granted on a basis of workdays, not calendar days. Non-workdays, such as weekends and holidays falling within a period of annual leave, are not charged as annual leave. Annual leave must be earned before it can be authorized and is deducted from the employee's accrued leave in increments of not less than one guarter hour.

Annual leave is cumulative: however, no employee may retain in excess of two hundred forty (240 hours) on December 31 of each year. During the calendar year, accrued annual leave may exceed two hundred (240) hours, but excess must be used prior to December 31. Accrued annual leave may be requested by an employee at any time but must be approved by the supervisor in

SICK LEAVE

Sick leave is a benefit available to university employees who work in benefits eligible positions. Paid sick leave is not granted as annual leave, but should be used when an employee is unable to work because of illness, injury, or medical, dental or optical treatment. Sick leave may also be granted to employees due to the death or serious illness of a member of the employee's immediate family. Immediate family shall mean the father, mother, individual acting as a parent or guardian, sister, brother, husband, wife, child, grandparents, or grand-child, of the employee or the employee's spouse. An employee may be required to furnish to the supervisor a certificate from an attending physician for five or more consecutive days of sick leave or when a pattern of absences indicates an abuse of sick leave. A certificate from a Christian Science practitioner listed in The Christian Science Journal may be submitted in

ACTION ITEM: Arkansas State University (A-State) requests approval to enter into a partnership with the City of Jonesboro and the Arkansas Department of Transportation (ARDOT) to construct a connector road between Red Wolf Boulevard and Highway 351.

ISSUE: The Board of Trustees approves partnership agreements.

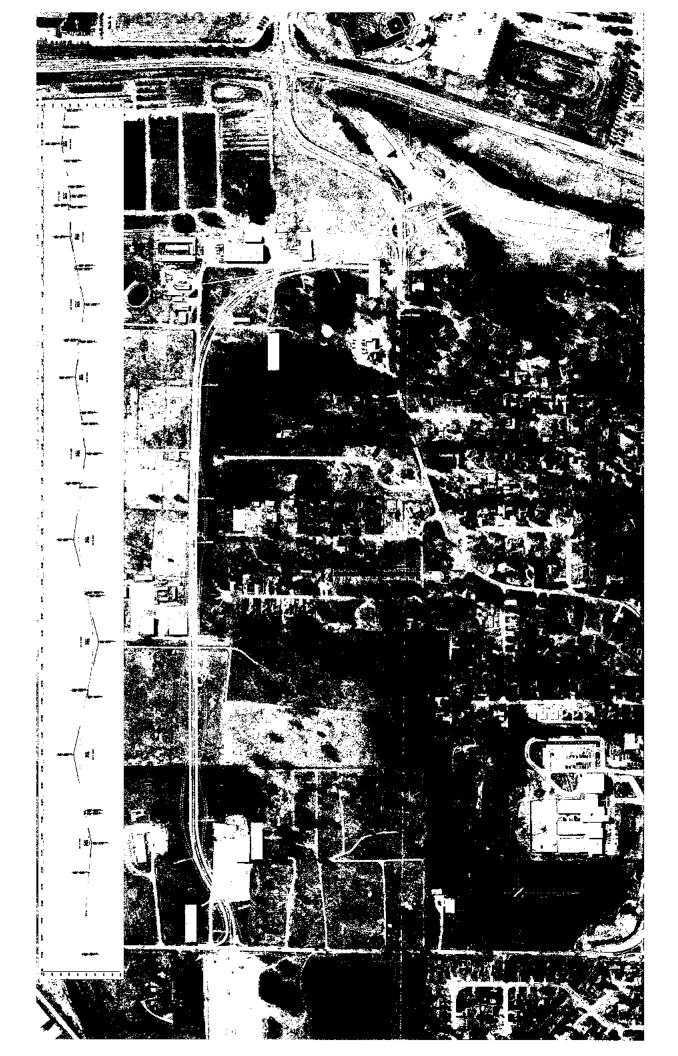

BACKGROUND:

- The City of Jonesboro requested to partner with A-State and the Arkansas Department of Transportation to construct a new connecter road between Red Wolf Boulevard and Highway 351.
- This new road will provide mutual benefits to the City of Jonesboro and A-State.
- A-State's contribution will be to provide the right-of-way necessary to complete the project. A
 preliminary drawing of the project is attached to this resolution.
- In order to proceed with the project, ARDOT requests a resolution from the Board agreeing to the partnership and authorizing the Chancellor, or the Chancellor's designee, to execute all necessary agreements in support thereof.

RECOMMENDATION/RESOLUTION:

Be it resolved that Arkansas State University is approved to enter into a partnership with the City of Jonesboro and the Arkansas Department of Transportation to construct a connector road between Red Wolf Boulevard and Highway 351; the Chancellor of Arkansas State University, or his designee, is authorized to execute all appropriate agreements related to the project that are necessary to expedite design and construction.

- Arkansas State University (A-State) requests approval to enter into agreements **ACTION ITEM:** submitted for the purpose of allowing certain employees to conduct private camps on and in A-State facilities.
- A-State wishes to contract with certain employees to conduct private camps on the ISSUE: A State campus. Such camps are designed to bring future students to the campus. and expose them to its facilities and personnel, while engaging in program activities. Additionally, funds are generated and paid to A-State to cover the use of its facilities and auxiliary services.

BACKGROUND:

- A.C.A. § 6-62-401 authorizes the Boards of Trustees of state institutions of higher learning to grant permission to employees of such institutions to conduct, on and in campus facilities, certain outside work for private compensation (as described in the Act). Employees are to be engaged in this outside work only after they have fully discharged their employment responsibilities to such institutions. Employees, who accrue annual leave, are required to take their annual leave during these camp periods.
- The Act grants the Board the non-delegable duty to make express findings of fact, as follows: •
 - the activities in question involve no conflict of interest with the mission and purpose of the institution itself:
 - the proposed activities would bring to the campus a significant number of persons who are potentially future students, and who might tend to enroll on that campus as a result of their exposure to its facilities and its personnel while engaged in these activities; and
 - the contemplated activities will, as a part thereof, generate funds to be paid to the state institution for housing, meals, and for the use of institutional resources that will produce significant revenues in support of the auxiliary functions of the particular campus serving its enrolled students.
- All agreements will comply with A.C.A. § 6-62-401.

RECOMMENDATION/RESOLUTION:

Be it resolved that Arkansas State University is approved to enter into agreements submitted for the purpose of allowing certain employees to conduct private camps on and in A-State campus facilities, effective July 1, 2023, through June 30, 2024.

ACTION ITEM: Arkansas State University-Newport (ASUN) requests approval to enter into a lease agreement ("Proposed Agreement") with Merchants and Planters Bank ("Lessor"), in order to obtain leasing rights in the property developed as an apartment complex, located at 107-115 Laurel Street in Newport, Arkansas, (the "Property").

ISSUE: Under Arkansas Code Ann. § 6-62-608, the Board of Trustees approves lease agreements needed in the operation of, and in the best interest of, the University.

BACKGROUND:

- The Lessor has developed six (6) single occupancy apartments, which will be completed on or about August 1, 2023.
- ASUN believes it is in the best interest of the University to enter into the Proposed Agreement, due to limited housing opportunities in the community. This will allow for living arrangements for students in the growing downtown area of the city.
- ASUN anticipates the agreement to be for a term of five years, as detailed below:
 - Year 1 August 2023-July 2024 \$3,900.00 (\$650.00/unit)
 - o Year 2 August 2024-July 2025 \$3,900.00 (\$650.00/unit)
 - o Year 3 August 2025-July 2026 \$3,900.00 (\$650.00/unit)
 - Year 4 August 2026-July 2027 \$3,900.00 (\$650.00/unit)
 - Year 5 August 2027-July 2028 \$3,900.00 (\$650.00/unit)
- ASUN will work with the Arkansas Department of Transformation and Shared Services, Division of Building Authority, to negotiate the terms of the Proposed Agreement.

RECOMMENDATION/RESOLUTION:

Be it resolved that Arkansas State University-Newport is approved to enter into a lease agreement, for the property referenced above, with Merchants and Planters Bank, and the Board designates Chancellor Johnny Moore to negotiate the terms and to enter into the lease agreement.

- **ACTION ITEM:** Arkansas State University Mid-South requests approval to adopt a Faculty Rank and Promotion Policy.
- **ISSUE:** The Board of Trustees must approve all policies related to faculty rank and promotion.

BACKGROUND:

- ASU Mid-South has never had a formal process by which to recognize and reward faculty who have
 obtained additional education and training, and/or who have demonstrated commitment to teaching
 and learning, service to students, service to college and community, and/or professional development.
- A process for faculty rank and promotion is the norm at institutions of higher education and provides an incentive to both recruit and retain talented faculty members.
- Five of the seven institutions in the Arkansas State University System have a process for awarding faculty rank and promotion.
- ASU Mid-South's proposed Faculty Rank and Promotion Policy was developed in close consultation with the Faculty Senate.
- A copy of the proposed Faculty Rank and Promotion Policy is attached to this resolution.

ARKANSAS STATE UNIVERSITY MID-SOUTH

Faculty Rank and Promotion

OVERVIEW

A. Purpose and Scope

In order to provide students with the highest-quality education, it is essential that Arkansas State University Mid-South (ASU Mid-South) attract and retain high-quality faculty members. Therefore, effective July 1, 2023, ASU Mid-South will adopt a faculty rank and promotion policy to ensure that all faculty members have equal access to a consistent rank and promotion structure. This document outlines the procedure for application and consideration of faculty rank and promotion. This process involves Human Resources, the Vice Chancellor for Learning and Instruction, Academic Deans, and Faculty.

B. Definitions

<u>Faculty Member</u>: Any individual currently teaching credit courses for ASU Mid-South. "Faculty member" includes, but is not limited to, full-time (academic and technical) and adjunct (academic and technical) instructors.

<u>Promotions Review Committee</u>: Composed of the Vice Chancellor for Learning and Instruction, Academic Deans, two faculty members (one in a related discipline and one in an unrelated discipline), and a representative from Human Resources.

C. Procedures

General qualifications and guidelines have been established to aid in the determination of academic rank. Meeting these qualifications will justify consideration for promotion but will not be considered as mandating such promotion. The Promotions Review Committee will consider other factors. Due to the unique nature and differing requirements for academic and technical faculty members, a two-track model is utilized: one track for academic faculty and the other track for technical/occupational faculty, with four levels (ranks) of advancement within each track. For the Academic Track, the levels are Instructor (Level I), Assistant Professor (Level II), Associate Professor (Level II), and Professor (Level IV). For the Technical/Occupational Track, the levels are Instructor (Level I), Advanced Instructor (Level II), Senior Instructor (Level III), and Master Instructor (Level IV).

Approved degrees and technical credentials must be from an accredited institution recognized by the Council for Higher Education Accreditation. An official transcript, showing degrees and/or credentials awarded, must be received by the Office of Human Resources before promotions will go into effect.

FACULTY RANK STRUCTURE

A. ACADEMIC FACULTY RANK

The following identifies the minimum educational qualifications and professional experience required for academic faculty to be eligible to apply for each promotion and rank. Exceptions to the minimum degree and professional experience requirements may be made in rare circumstances for individuals possessing a compelling combination of unique qualifications and professional experience, with approval of the Chancellor.

Level I: Instructor

This rank is the entry-level position and is the rank assigned to newly hired, full-time faculty, unless determined otherwise by the Vice Chancellor for Learning and Instruction, in coordination and under the advisement of the appropriate Academic Dean and with the approval of the Chancellor, based upon previous teaching and higher education experience. This rank requires a minimum of a master's degree with 18 hours of graduate-level courses in the assigned or related discipline.

Level II: Assistant Professor

This rank requires two years of full-time teaching experience, plus completion of a master's degree, as well as 18 hours within the discipline or related discipline.

Level III: Associate Professor

This rank requires three years of full-time teaching experience as an Assistant Professor, plus completion of a master's degree, including 18 hours within the discipline or related discipline.

Level IV: Professor

This rank requires a doctorate degree (Doctorate of Philosophy, Medical Doctorate, Juris Doctorate, Doctorate of Education), plus five years of full-time teaching experience as an Associate Professor.

B. TECHNICAL/OCCUPATIONAL FACULTY RANK

The following identifies the minimum educational qualifications and professional experience required for technical/occupational faculty to be eligible to apply for each promotion and rank. Exceptions to the minimum degree and professional experience requirements may be made in rare circumstances for individuals possessing a compelling combination of unique qualifications and professional experience, with approval of the Chancellor.

Level I: Instructor

This rank is the entry-level position, and is the rank assigned to newly hired, full-time faculty, unless determined otherwise by the Vice Chancellor for Learning and Instruction, in coordination and under the advisement of the appropriate Academic Dean and with the approval of the Chancellor, based upon previous teaching and higher education experience. This rank requires a minimum of the appropriate licensure or certifications and four years' experience within the discipline or related discipline.

Level II: Advanced Instructor

This rank requires two years of full-time teaching experience, plus the appropriate licensure or certification and an associate's degree in the discipline or related discipline.

Level III: Senior Instructor

This rank requires a bachelor's degree, or comparable industry-recognized certifications or licensures, in the appropriate discipline, plus three years of full-time teaching experience as an Advanced Instructor.

Level IV: Master Instructor

This rank requires a master's degree, doctorate (Doctorate of Philosophy, Medical Doctorate, Juris Doctorate, Doctor of Education) degree or higher, plus five years of teaching experience as a Senior Instructor.

C. PROMOTION AND RANK STRUCTURE

Within the limits of the annual budget, salaries are increased in relationship to the type of position held, the academic credentials of the individual, and the total services the individual renders to the college. Salary levels are recommended to the Chancellor by the Vice Chancellor for Learning and Instruction and are recommended by the Chancellor to the President of the Arkansas State University System, and, ultimately, to the ASU System Board of Trustees.

ACADEMIC TRANSFER TRACK		
LEVEL	RANK	PROMOTION AMOUNT
Level I	Instructor	Entry
Level II	Assistant Professor	\$1,500
Level III	Associate Professor	\$2,000
Level IV	Professor	\$2,500
TECHNICAL/OCCUPATIONAL TRACK		
LEVEL	RANK	PROMOTION AMOUNT
Level I	Instructor	Entry
Level II	Advanced Instructor	\$1,500
Level III	Senior Instructor	\$2,000
Level IV	Master Instructor	\$2,500

The following increases in annual base salary are suggested when promotions are awarded:

The Vice Chancellor for Learning and Instruction and Academic Deans will coordinate with the Office of Human Resources, as necessary, to ensure that the appropriate and necessary required documentation is provided and maintained concerning faculty rank and promotion.

ACTION ITEM: Arkansas State University Mid-South requests approval to offer two certificates within the recently reconfigured Associate of Applied Science degree in Information Systems Technology: a Certificate of Proficiency in Cybersecurity Specialist, and a Technical Certificate in Information Systems Technology.

ISSUE: The Board of Trustees must approve the offering of any new certificate program.

BACKGROUND:

The Certificate of Proficiency will prepare students to enter the workforce in an area of critical statewide need, while also providing a pathway to the Technical Certificate and the Associate of Applied Science degree in Information Systems Technology. The pathway of courses from the Certificate of Proficiency and Technical Certificate to the Associate degree provides content and hands-on skills instruction, using current technology and equipment to prepare students for industry-standard certifications and training to enter the workforce. A combination of lectures and skills-labs coursework will emphasize the knowledge and expertise required to prepare students for the CISCO Certified CyberOps Associate certification exam.

- The Certificate of Proficiency in Cybersecurity Specialist, consisting of 18 credit hours, will be configured within the existing AAS. Courses will include:
 - o ISTC 1113 Cybersecurity Essentials (3 credit hours)
 - o ISTC 1123 Cyber Operations (3 credit hours)
 - o ISTC 2413 Network Security (3 credit hours)
 - o ISTC 1513 Network Fundamentals (3 credit hours)
 - o ISTC 1533 Switching Essentials (3 credit hours)
 - o ISTC 2553 Routing Essentials (3 credit hours)
- The Technical Certificate in Information Systems Technology, consisting of 44 credit hours, will be configured within the existing AAS. Courses will include:
 - ISTC 1113 Cybersecurity Essentials (3 credit hours)
 - o ISTC 1023 Hardware Essentials (3 credit hours)
 - o ISTC 1033 Software Essentials (3 credit hours)
 - o ISTC 1513 Network Fundamentals (3 credit hours)

- o CSUR 1101 College Success (1 credit hour)
- A need for these certificate programs arises from growing national, state, and local demand for more highly skilled and certified computer networking and security professionals.
- A need for these certificate programs has been validated by the program's advisory council, comprised of local industry partners.
- Development of these certificate programs aligns the College's Information Systems Technology
 program with the state of Arkansas's Economic Development Commission's Cyber Initiative, as
 codified in Act 1085 of the 2019 General Assembly.
- No additional funding is required to offer these two programs.

RECOMMENDATION/RESOLUTION:

Be it resolved that Arkansas State University Mid-South is approved to offer a Certificate of Proficiency in Cybersecurity Specialist, and a Technical Certificate in Information Systems Technology, effective June 2023.

- **ISSUE:** Henderson State University wishes to contract with certain employees to conduct private camps on the HSU campus. Such camps are designed to bring future students to the campus in order to expose them to its facilities and personnel, while engaging in program activities. Additionally, funds are generated and paid to HSU to cover the use of its facilities and auxiliary services.

BACKGROUND:

- A.C.A. § 6-62-401 authorizes the Boards of Trustees of state institutions of higher learning to grant
 permission to employees of such institutions to conduct, on and in campus facilities, certain outside work
 for private compensation (as described in the Act). Employees are to be engaged in this outside work only
 after they have fully discharged their employment responsibilities to such institutions. Employees, who
 accrue annual leave, are required to take their annual leave during these camp periods.
- The Act grants the Board the non-delegable duty to make express findings of fact, as follows:
 - the activities in question involve no conflict of interest with the mission and purpose of the institution itself;
 - the proposed activities would bring to the campus a significant number of persons who are potentially future students, and who might tend to enroll on that campus as a result of their exposure to its facilities and its personnel while engaged in these activities; and
 - the contemplated activities will, as a part thereof, generate funds to be paid to the state institution for housing, meals, and for the use of institutional resources that will produce significant revenues in support of the auxiliary functions of the particular campus serving its enrolled students.
- All agreements will comply with A.C.A. § 6-62-401.

RECOMMENDATION/RESOLUTION:

Be it resolved that Henderson State University is approved to enter into agreements submitted for the purpose of allowing certain employees to conduct private camps on and in HSU campus facilities, effective July 1, 2023, through June 30, 2024.
