Data Reporting Calendar

The ASU System Office recognizes that the ultimate responsibility of accurate and timely data is the responsibility of the individual institutions. The System Office's role is to accumulate and format this information for presentation to the Board of Trustees, System Executive Staff, Chancellors, and the general public. The purpose of this Data Reporting Calendar is to provide a time sequence that will ensure timely information and the opportunity for the individual institutions to report data in an accurate manner.

Delinquent and Preliminary Reporting Policies

Delinquent Reporting Procedure

1. An institution's data will be considered delinquent if not received by the Office of Strategic Research by noon on the first working day after its due date.
2. Once data become delinquent, a reminder will be sent by e-mail to the institution's representative on the Strategic Research Working Group (SRWG).
3. If data are not received after 5 working days from the due date, a written notice will be forwarded to the ASU System President who will subsequently contact the appropriate Chancellor.
4. Once data are submitted to the System Office, the Office of Strategic Research will return edit reports to the institutions within three working days.

Preliminary Reporting Procedure

5. Any data submitted through the ASU System Data Portal, will be considered preliminary for twenty (20) working days after the due date.
6. During this preliminary period, institutions will have the opportunity to audit and revise their data as well as provide written explanations to the Office of Strategic Research for any exceptions occurring in the data.
7. If the data still have a considerable number of problems after the preliminary period has expired, with no written explanations detailing the exceptions, the ASU System President and the appropriate Chancellor will be notified of the type and frequency of the problems.
8. Once the preliminary period has expired, the data will become final and published by the Office of Strategic Research. It will subsequently be released to the Board, state legislature, and other agencies upon request.
9. To revise final data after the preliminary period has expired, the Chancellor should provide a written statement detailing the reason for the requested change.
