WELCOME!

Arkansas Blue Cross and Blue Shield is pleased to be your health and dental insurance provider. For more than 65 years, Arkansas Blue Cross has been a name Arkansans have trusted. This Benefit Summary gives you an overview of your dental coverage and provides answers to some of the most frequently asked questions. This summary is not your dental policy. You will receive a Benefit Certificate that describes your complete dental insurance benefit features.

MAKE THE MOST OF YOUR DENTAL COVERAGE

Most of us are interested in saving money. When you use the services of a participating provider, you'll pay less money out-of-pocket. Please take a moment to review this important information about your coverage.

Provider: You will see the term provider throughout this document. For your dental policy, providers are dentists and other professionals who offer dental services and procedures.

In-network providers: In-network dental providers are a group of participants who have agreed to give you a discount.

- In-network providers participate in discounts for your dental services
- We pass the savings on to you, resulting in lower out-of-pocket expenses

Please check to see if your dentist is in the plan's network. With DentalBlue®, you can change dentists at any time with no paperwork and no waiting period. In addition, when you're traveling outside of Arkansas, you have access to our national network of dentists.

Out-of-network providers: May not offer discounted dental services to members.

- Out-of-network providers follow their own billing rules for services
- Your out-of-pocket expenses will be greater

Always check the network status of a dental provider. If you're referred to an out-of-network provider by an in-network provider, you still may have to pay higher costs.

Dependent benefits: Your children are covered until the age of 26.
